EMCDDA, European Monitoring Centre for Drug and Drug addiction: Best Practices

- "Therapeutic Programme EXODOS: Social Reintegration Programme", A Social Reintegration programme that focuses on relapse prevention, educational and vocational training, and building relationships with significant others. The programme also gives opportunities to participate in various activities which aim to avoid social marginalisation and to prevent negative stereotyping of drug users.(Greece)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=1172>

- "Pangea: A Transnational Cooperation Programme In The Ambit Of The Adapt Programme", Offers support to reintegrate individuals back into the community after treatment in the area of the Algarve. (Portugal)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=1193>

- "Operational Programme: Therapeutic Work Placements For Drug Users In Treatment With The Drug Dependency Services Of Local Health Agency 11", A support programme that helps drug users get back into employment. (Italy),
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=2268>

- "Addiction Response Crumlin (ARC)", The project supports drug users and their families from the Crumlin area and assists drug users to reintegrate back into the local community, (Ireland)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=1470>

- "The STAR Women's Rehabilitation Project", This projects aims to support women who have stabilised their drug use, to reintegrate into the community, (Ireland),
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=2787>

- “Job Project”, The Duuni Project's target group was drug rehabilitees. The project has the aim to provide an easier access to working life for people recovering from drug addiction or people released from prison. (Finland), <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=2973>
- “Project: Ponte Rosso”, Offers support for people receiving methadone maintenance therapy in a way, which could provide the maximum protection against relapse. (Italy) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=2868>
- “Project Spirillen”, The general objective of the project is to promote employment among drug addicts receiving cash benefits and undergoing substitution therapy, (Denmark) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=1814>
- “SORRY project (Crime Reconciliation)”, The implementation of a model of rapid intervention based on co-operation in Lappeenranta in order to reduce re-offending rates among young offenders.(Finland) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=1993>
- “InPar”, Experimental project at national level in the area of Professional and Social Reintegration aimed at people who use drugs. The project developed two main activities: Integration of Drug Users as Peer Workers and Evaluation & Research of the drug users reintegration process in the labor market. (Portugal) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=01PT10>
- “Occupational Guidance Service for Recovering Drug Addicts”, The Occupational Guidance Service for Recovering Drug Addicts was created in order to respond to the lack of specific resources for this community at risk of social exclusion. Occupational guidance and preparation and occupational intermediation are the main purpose of the project. (Spain) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=5777>
- “Building Bridges: Young addicts and self help”, The project's aim is to improve young peoples' access to self help groups by creating new groups and offering training to group leaders. The long term objective is successful integration and participation into society. (Germany) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=5616>
- “Vienna Job Exchange”, The Vienna Job exchange exists to reintegrate drug addicts into the labour market by offering assistance, counselling and support in gaining qualifications. (Austria) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=589>
- “Abrakadabra: (Re-)socialisation of drug addicts by integration into the labour market”, The aim of the project is to improve the living situation of drug using persons through social stabilization and reintegration into the labour market. (Austria) <http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=5936>

- “The BOND Project (Blanchardstown Offenders for New Directions)”, The BOND project seeks to support the reintegration of young people leaving prison or place of detention. Specifically the project’s objectives are to provide a community-based aftercare service for young people returning to the community on release from prison or place of detention. (Ireland)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=5896>
- “FAS Community Employment Scheme for Drug Users”, Community Employment (CE) is a labour market intervention which is designed to provide temporary work experience and training for the long term unemployed. FAS is the National Training and Employment Authority in charge of operating the CE scheme on a national basis. (Ireland)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=5916>
- “Employability programme for former drug users and drug addiction prevention in the workplace”, The programme addresses the use of alcohol and drugs in the context of social reintegration and workplace prevention through a number of different services: counselling and information, outpatient treatment, professional and occupational reintegration and finally, drug addiction prevention in the work place. (Spain)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=5976>
- “Reintegration of adolescents with social behaviour deviations and addiction problems into society”, The main objective of the project was to provide social rehabilitation services for children with social behavioral deviations and dependence problems and for whom the court or administrative commission have applied educational character measure of behavioral restriction. (Latvia),
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=LV0209>
- “Drop In O.p.s. Aftercare Centre”, The Aftercare Centre is an out-patient facility providing services to people who have been affected by substance use or gambling, the purpose to support long term stabilization. The programme runs for approximately one year and includes individual and group counselling, adapted to individual needs. (Czech Republic)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=6198>
- “Needles or Pins: Vienna: A European Project to Develop Innovative Projects for Social and Labour Integration of People with Drug Related Problems”, (Austria)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=678>
- “Socio Economical Company: Fix und Fertig ("All Ready")”, An Austrian socioeconomic company established in Vienna in 1993 to help integrate drug users into the regular labour market. It offers two types of employment. First of all, daily employment, in the form of postal dispatch work, which offers clients a structured day away for the drug scene as well as a legal income. Secondly the project offers a one year full-time contract in printing or painting and decorating. (Austria)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=850>

- “The Step-Down Housing Programme”, The Health Service Executive (HSE Rehabilitation/Reintegration Service (RIS) and the Keltai Residential Drug Rehabilitation service recognised that some people who had taken part in drug rehabilitation in Keltai did not have a secure and safe living environment to return to and were exposed to the risk of relapse. In response, the HSE/RIS and Keltai in conjunction with Focus Ireland developed an inter-agency response known as the George’s Hill Step-Down programme, with supported accommodation. (Ireland)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=IE_01>
- “Open Therapeutic Programme for Adolescent Drug Users STROFI: Transitional School for Adolescent Drug Users”, The transitional school of the STROFI therapeutic programme aims at reconnecting young people who attend the treatment programme with their school education and at providing them with comprehensive educational services. (Greece)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=3178>
- “The Labour Market Inclusion Programme”, The Labour Inclusion Project integrates former drug users into the work place through offering training and employment placements. (Ireland)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=3457>
- “Farm Work For Dual Diagnosis Patients”, This is a pilot study that indicates how a number of addiction care organizations and farms co-operated to operate care farms which provide specific work activities to dual diagnosis clients. (Netherlands)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=3257>
- “Rinn Developments Drug Rehabilitation Sail Training Initiative”, This initiative offers drug users an adventure, sailing, that challenges them mentally, socially and physically. The basic premise of the project is that drug users can enhance their rehabilitation by participating in an innovative project. Evaluation illustrates that the programme helps clients to build their team working skills, increases their confidence and sense of achievement and helps individuals overcome personal fears.
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=3676>
- “Work and Autonomy”, The purpose of this project is to support people to return to work after they have completed drug rehabilitation and training programmes, it offers an employment skills course which is also supported by individual counselling. (Italy)
<http://www.emcdda.europa.eu/modules/wbs/dsp_print_project_description.cfm?project_id=4596>
